¹ Data included in the statistics, Tryg, Danica, Skandia, Pensiondanmark, Topdanmark, PFA, Codan, If, Gjensidig, Pensam and Dansk Sundhedsforsikring.

² IHI Bupa is left out as information is not available after 2007, due to the fact that a large proportion of the insured are residing outside of Denmark.

³ Up until 2008, the percentage distribution of gross claims incurred in sections is based on information from approximately half of the companies. Onwards of 2009, almost all companies included in the sections.

⁴ Insured spouses/partners and children is included as a category from 2009.

⁵ From 2015 to 2016 the numbers are adjusted and the numbers in 2005 and 2016 are not directly comparable.

⁶ From 2019 Pensam is included in the statistics

Source: The Danish Insurance Association and The Danish Financial Supervisory Authority

The percentage of gross claims incurred per section is based on information from about half of the companies which provides this insurance.
